# LEADING SERVICE

Makita manufactures best-in-class industrial power tools for the professional user. Our tools work hard and stand up to brutal working conditions, but last even longer with periodic service and repairs. That's why we offer a comprehensive national service network. **Makita® Factory Service Centers** deliver world-class service for the complete care of all Makita® Products. We are also proud to offer a coast to coast network of Authorized Service Centers. **Makita® Authorized Service Centers** meet our high-quality standards and provide the same distinguished service experienced at any of our Makita® Factory Service Centers.

## QUALITY SERVICE

- Factory-trained repair technicians
- Genuine Makita® Replacement Parts
- Safety certification check performed on all electric power tools
- Maximum cost repair program

## FREE

- Repair estimates
- Labor for accredited schools
- Pick-up and delivery (select markets)

## FAST REPAIR TIME

- Most tools repaired within 3 working days

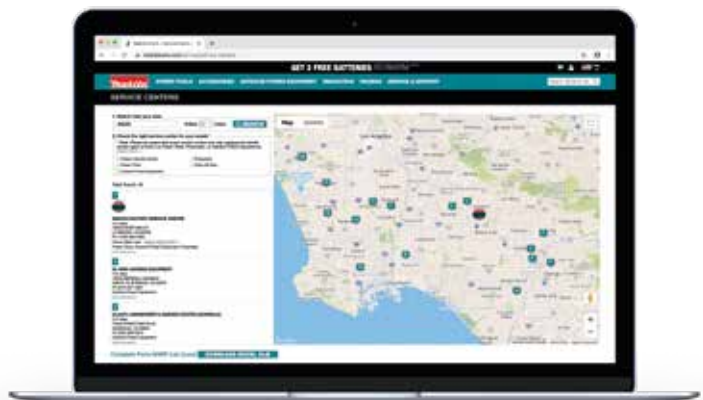

**FREE Labor for accredited schools**

# MAKITA® 3-YEAR LIMITED WARRANTY

**3**  
YEAR  
**WARRANTY**  
*LITHIUM-ION*  
**TOOL & BATTERY**

Every Makita® Lithium-Ion Tool, Battery, Charger, and Pneumatic Nailer is warranted to be free of defects from workmanship and materials for the period of THREE YEARS from the date of original purchase. Should any trouble develop during the three-year period, return the COMPLETE Lithium-Ion Tool, Battery, Charger or Pneumatic Nailer, freight prepaid by user, to one of Makita's Factory or Authorized Service Centers. If inspection shows the trouble is caused by defective workmanship or material, Makita will repair (or at our option, replace) without charge.

## BATTERY RECYCLING

call2recycle®

Makita® is continuing our sustainability efforts and support for the environment by responsibly recycling rechargeable batteries through the call2recycle® program. The program is no-cost, no-hassle and available at **Makita Service Centers**. call2recycle® follows the strictest standards in safety and compliance, including being the first program of its kind to receive Responsible Recycling (R2) certification and e-Steward recognition from the Basel Action Network (BAN).

# CORDLESS BENEFITS

## INCREASED PRODUCTIVITY

Freedom from cords for maximum convenience.

## TIME SAVINGS

18V LXT® Lithium-Ion Batteries have fast charge times, so users can keep moving.

## COST EFFICIENT

Reduce maintenance costs and cost of ownership with Makita® LXT® Cordless Vacuums.

## LONGER RUN TIME

Makita-built brushless motors efficiently use energy to provide cordless power tools with longer run time.

## ERGONOMICS

Products weigh less and are well-balanced to reduce operator fatigue.

## LOWER NOISE

Products deliver lower sound, minimizing disruption.

# LEADER IN CORDLESS EQUIPMENT

Makita is committed to developing solutions for janitorial and facilities maintenance. With over 100 years of motor engineering and over 40 years of cordless innovation, Makita's leading cordless technology offers freedom from the cord for maximum convenience, access to hard-to-reach spaces, and completing tasks quickly and easily. As a leader in cordless products, Makita offers more cordless solutions than the rest to get the job done.

# PURPOSE-BUILT CORDLESS SOLUTIONS

Makita conducted years of research and development to provide innovative cordless solutions. Each product is meticulously designed with intent and attention to detail to provide optimum efficiency, power and run time. Makita's products are also engineered to provide superior ergonomics and less weight for a better user experience.

## ONE SYSTEM. ENDLESS POSSIBILITIES.

The Makita® LXT® Cordless System takes you from power tools to vacuums to get the job done. Utilizing 18V lithium-ion slide style batteries, the LXT® System **WORKS WITH 275+ CORDLESS PRODUCTS\***.

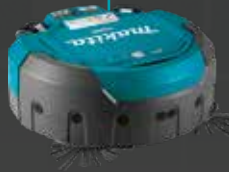

\*In 2021

# ONE SYSTEM WITH OVER

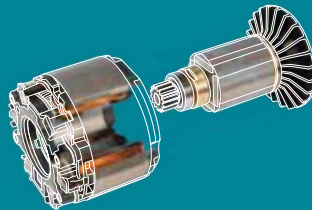

USE THE SAME BATTERIES AND

**GET 18V WITH ONE LXT® BATTERY**

## 40+ YEARS OF CORDLESS INNOVATION

Get more power, speed, and run time with the LXT® Advantage. Makita's advanced motors, enhanced communications between tool and battery, and Rapid Optimum Chargers work together for maximum cordless performance and ultimate compatibility.

ADVANCED MOTORS

UP TO **50% LONGER MOTOR LIFE**

Makita-built brushless motors eliminate carbon brushes and run contact-free, enabling the motor to run cooler and more efficiently for longer life. The electronically controlled brushless motor efficiently uses energy to match torque and speed to the changing demands of the application.

## FASTER CHARGING

Use the same batteries and chargers for all LXT® Products

**55 Minute Charge Time**

### HIGH OUTPUT + FASTEST CHARGE TIME

# UPRIGHT VACUUM

Clean more without a cord with the 18V X2 (36V) LXT® Brushless 1.3 Gal. HEPA Filter Upright Vacuum Kit (XCV19PG). This is Makita's first cordless upright vacuum, and it carries the Carpet and Rug Institute (CRI) Seal of Approval Certification for high performance in commercial cleaning applications.

### MOBILITY

Move without restriction from a cord. Onboard cleaning attachments are easy to maneuver to clean hard-to-reach places.

### NO CORDS

No cords means no trip hazards, preventing injury while cleaning.

### LOWER NOISE

Low noise level of 67 dB(A) on high setting and 57 dB(A) on low setting

## FEATURES AND BENEFITS

Adjusts easily to a horizontal position for cleaning under furniture

Tool-less and easily accessible brush roller for easier removal of hair and clogs

3-speed power selection (high/medium/low) for efficient operation

Efficient two stage HEPA filter captures 99.97% of particulates .3 microns and larger

Non-marring bumper prevents damage to furniture, baseboards, door-frames and walls

## CLEAN MORE WITHOUT A CORD

Makita-built motor and batteries efficiently use energy to provide up to 60 minutes of run time. Two 6.0Ah LXT Batteries charge in less than 1 hour, allowing for minimal down time. The upright vacuum has a cleaning path of 12" for optimal efficiency and four height adjustment levels adjust to differing floor types. The horizontal position can easily be adjusted to clean under furniture. The efficient two-stage HEPA filter captures 99.97% of particulates .3 microns and larger.

### PERFORMANCE

Powerful brushless motor generates 67 CFM of suction power and 48" of water lift

### RELIABILITY

Certified by the Carpet and Rug Institute (CRI); designed for commercial use

### PRODUCTIVITY

4 height adjustment levels for optimal cleaning on any floor type

### CONVENIENCE

Light indicators for dust bag, brush and battery level status

## MODEL AND KIT SPECIFICATIONS

# BACKPACK VACUUMS

The Makita® Cordless Backpack Vacuums are portable and weigh less. This compact clean-up solution eliminates extension cords and allows access to hard-to-reach spaces. Select from different capacity options based on your cleaning job needs.

### NO CORDS

No cords means no trip hazards, preventing injury while cleaning.

### MULTIPLE POWER SETTINGS

A push button power controller offers high/normal selection and attaches to the waist.

### FAST CHARGING

A built-in fan circulates air between the charger and battery to cool the battery for faster charge time.

# COMPACT VACUUMS

Makita® 18V LXT® Cordless Compact Vacuums are high-performance, efficient solutions for quick clean-ups. Their compact, versatile designs are ideal for multiple applications.

## MOBILITY

No cords means no trip hazards, preventing injury while cleaning.

## EASY STORAGE

Compact and ergonomic design allows for easy storage in closets and tight spaces.

## FAST CHARGING

A built-in fan circulates air between the charger and battery to cool the battery for faster charge time.

## FEATURES AND BENEFITS

### FAST AND EFFICIENT CLEANING

#### VERSATILITY

Ideal for hard floor, upholstery, vehicle, and short pile carpet. Great for home, retail, education, medical, and transportation segments.

#### EASE-OF-USE

Flat nozzle with ball-and-socket feature for maneuverability and access to hard to reach areas. Compact design reduces operator fatigue, especially for overhead usage.

# CAPTURE UP TO 90% OF DUST PARTICLES

## BOOST PERFORMANCE OF A MAKITA® COMPACT VACUUM WITH THE MAKITA® CYCLONIC VACUUM ATTACHMENT

The Makita® Cyclonic Vacuum Attachment is engineered for easy disposal of debris and reduces the amount of dust that enters the vacuum's dust bag. The efficient cyclonic action captures up to 90% of dust particles and increases productivity by reducing the need to empty the main canister/filter.

### FEATURES AND BENEFITS

#### CONVENIENCE

One-touch release for easy disposal of debris

#### RELIABILITY

Prevents suction force from weakening by reducing the amount of dust that enters the vacuum

Extends the overall length of the vacuum

Increases the longevity of the filter and reduces the frequency of emptying the main canister or dust bag by up to 84%

Click system securely attaches to XLC03, XLC04, and XLC05 vacuums (191D72-1 and 191D70-5 only)

Powerful cyclonic action captures up to 90% of dust particles before entering the main canister

#### 199553-5

**Black Cyclonic Vacuum Attachment**

Compatible with XLC02 Black Vacuums

#### 191D74-7

**White Cyclonic Vacuum Attachment**

Compatible with XLC02 and 12V White Vacuums

#### 191D72-1

**Black Cyclonic Vacuum Attachment w/ Lock**

Compatible with XLC03 and XLC04 Black Vacuums

#### 191D70-5

**White Cyclonic Vacuum Attachment w/ Lock**

Compatible with XLC03 and XLC05 White Vacuums

# CANISTER VACUUMS

Makita® Cordless and Coded Canister Vacuums offer maximum versatility and convenience. These heavy-duty commercial canister vacuums are available in 2-gallon and 4-gallon capacities. Makita® Canister Vacuums are easy to maneuver and feature a large rubber bumper designed to prevent damages to furniture and fixtures.

### FAST CHARGING

A built-in fan circulates air between the charger and battery to cool the battery for faster charge time.

### MULTIPLE POWER SETTINGS

A variable speed control dial offers multiple power settings for a variety of applications.

### LOWER NOISE

With Auto-start Wireless System (AWS™) technology, the backpack vacuum only runs when the synced tool is in operation.

## FEATURES AND BENEFITS

### VERSATILE FOR A VARIETY OF APPLICATIONS

#### DUAL-POWER

Cordless or corded operation for maximum versatility.

#### WET/DRY

Clean up dry dust, dirt and debris or use the vacuum to tackle wet cleanups.

# ROBOTIC VACUUM

Clear the floor with the 18V X2 LXT® Brushless Cordless Robotic Vacuum, a state-of-the-art vacuum designed to automatically clean large spaces in commercial applications. Innovative robotic guidance technology guarantees reliable task automation and increases productivity.

### NO CORDS

Makita® LXT® Robotic Vacuums offer freedom from the cord and unprecedented mobility to clean expansive spaces.

### LOWER NOISE

Motor chamber is constructed of quality sound-absorbing materials for a low 64 dB(A) operating sound level

### REDUCED LABOR

Let the Makita® LXT® Robotic Vacuum provide cost savings by reducing labor costs.

## MODEL AND KIT SPECIFICATIONS

### LXT® BRUSHLESS

#### DRC200

36V (18V X2) LXT® Brushless Robotic Vacuum

Gross Container Size	.66 gal.
Cleaning Width	8-7/8"
Sound Level	64 dB(A)
Max Run Time	Up to 200 Minutes
Available as	DRC200PT, DRC200Z

### CLEANS APPROX.

**5,380 SQ.FT.**  
**OF HARD FLOOR SURFACES**  
(ABOUT 2-1/2 TENNIS COURTS)

### RUN TIME:

UP TO **200 MINUTES\***

\*On hard floors in "Main Brush plus Vacuum" mode using two 18V LXT® 5.0Ah batteries

Model #	Description	Includes
<b>DRC200PT</b>	36V (18V X2) LXT® Brushless Robotic Vacuum Kit	36V (18V X2) LXT® Brushless Robotic Vacuum (DRC200Z), (2) 18V LXT® Lithium-Ion 5.0Ah Battery (BL1850B), 18V LXT® Lithium-Ion Dual Port Charger (DC18RD), Boundary Tape (SH00000240), High Efficiency Filter (SH00000213), Wireless Remote Control (SH00000238)
<b>DRC200Z</b>	36V (18V X2) LXT® Brushless Robotic Vacuum, Tool Only	36V (18V X2) LXT® Brushless Robotic Vacuum (DRC200Z), Boundary Tape (SH00000240), High Efficiency Filter (SH00000213), Wireless Remote Control (SH00000238)

**FEATURES AND BENEFITS**

**COMPLETE CLEANING PERFORMANCE**

Three stage cleaning utilizes side brushes, main brush and vacuum suction to ensure complete cleaning. Comes with an easily accessible large dust box ensuring ample capacity for commercial applications and its cruise mode function combined with multiple detection sensors efficiently navigates and performs complete coverage of floor space.

**FIND YOUR ROBOTIC VACUUM ANYWHERE**

Press the location beacon button on the remote control to help you locate the Robotic Cleaner.

**KEEP RESTRICTED AREAS OFF-LIMITS**

Sensors detect floor conditions, such as obstacles and cliffs, to avoid. Use boundary line mode to prevent traveling into restricted zones when boundary tape is in place.

**CAPACITY**

Easily accessible large 5/8" gallon dust box ensures ample capacity for commercial applications.

**IDEAL USAGE AREAS**

- > Gymnasiums
- > Offices
- > Cafeterias
- > Department Stores
- > Schools
- > Museums
- > Libraries
- > Hospitals
- > Convention Centers

ALSO AVAILABLE

**SH0000240**  
Boundary Tape

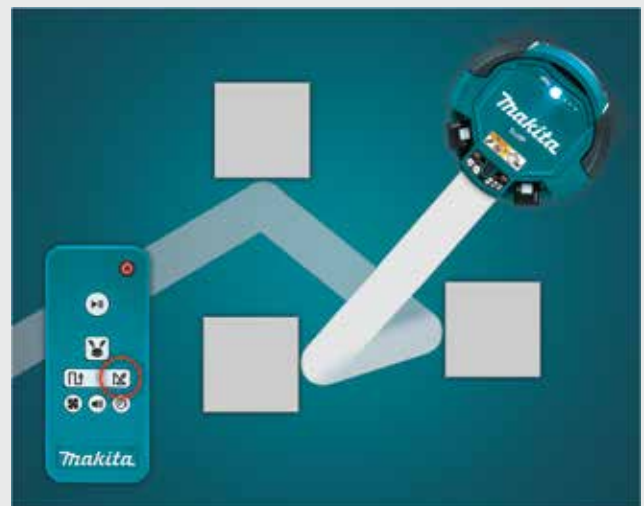

**CRUISE MODES**

The Robotic Vacuum offers two navigation options called Cruise Modes. Cruise Mode functionality combined with multiple detection sensors allow the Robotic Vacuum to efficiently navigate and perform complete coverage of floor space.

**PATTERN MODE**

Use Pattern Mode for cleaning wide spaces with fewer obstacles, like warehouses, or long corridors.

**RANDOM MODE**

Use Random Mode for cleaning spaces with many obstacles, like office spaces or gyms.

# BLOWERS

Clean-ups just got easier with Makita® LXT® Cordless Blowers. Move more air with lower noise and none of the emissions associated with gas-powered blowers. The power and portability of Makita® LXT® Cordless Blowers make them ideal for interior clean-ups, such as movie theaters and loading docks, and exterior tasks such as cleaning stadiums and building entryways.

## MOBILITY

Eliminate cords with Makita® LXT® Cordless Blowers and have the freedom to move.

## LESS WEIGHT

Makita® LXT® Cordless Blowers feature a compact design and weigh less for reduced operator fatigue.

## MULTIPLE POWER SETTINGS

Makita-built variable 3-speed motor produces a maximum air velocity speeds.

## FEATURES AND BENEFITS

### VERSATILITY

### IDEAL USAGE AREAS

Makita® Cordless Blowers are great for cleaning entrances, lobbies, patios, loading docks, stadium seating, and more.

### ATTACHMENTS

Makita® Cordless Blowers can be fitted with different nozzle attachments for different kinds of cleanups and user comfort.

Makita was the first to introduce 18V lithium-ion cordless tools. Today, the LXT® System is the world's largest compatible 18V slide-style battery system with over 275 solutions. Makita's purpose-built motors, battery technology, and enhanced communications work together to deliver unmatched power, speed, and run time. With solutions for every trade, users get maximum performance and efficiency with the LXT® System.
